

## SEPTEMBER, 2018 COMMUNITY UPDATE

### Meadowbrook Community Hall Restoration Project Update

The Meadowbrook Community Hall is undergoing a major restoration project this year. To date, the trees have been removed from the back (North) and (East) side of the building. In the next few weeks, the final ground contouring will be accomplished. This work was necessary to address the major water run-off issues that have plagued the site for many years. This portion of the work will be paid with funds from your generous financial donations to our Building Fund over the past three years.

Once the ground work has been addressed, the building will be stripped of its siding, insulated, and re-sided with James Hardie plank (cement board). Our goal is to mirror the original look and feel of the building once the work is completed. The entire project is scheduled to be done by November 1st, 2018. The bulk of funds to see this project through are coming to the community through a local benefactor with roots in the community and a desire to help preserve the building for the next 100 years. But there are still funds we need to collect to make sure we can support the overall effort. Below, see the details of how you can help us make sure this project gets finished. Your donations are tax deductible. Mountain Dove Constructions is the contractor for this work.

### Buy a Window/Door Campaign

Almost \$50,000 will be invested into the Meadowbrook Hall this year to restore the property and the building to preserve it for the next 100 years! However, we still need to raise funds to replace the windows and doors. One hundred dollars buys a window or contributes to a new door. Any contributed amount you direct to this campaign will be specifically earmarked for these purchases and any amount will be accepted. As always, your generous donations are TAX DEDUCTIBLE. Fill out this form and mail with your check or visit our website at [CougarGulchCommunity.com](http://CougarGulchCommunity.com) and donate online by credit card.
